Products for automotive / *Produse pentru automobile* / *Produits pour automobiles:*

Lampi de iluminat pentru interior, modele de interior, modele inchidere centralizata, repere plastic interior si exterior, matrite de injectie mase plastice, alte subansamble

Interior lighting lamps, interior models, latch modules, interior and exterior plastic items, plastic injection moulds, other subassemblies

Lampes d'éclairage interieur, modules des verrouillage, articles en plastique d'interieur et exterior, moules d'injection plastique, autre sous-ensembles

Other products / *Alte produse fabricate* / *Autres produits:*

Productie si furnizare energie electrica, contoare si echipamente distributie energie electrica, relea CFR si inductori locomotiva, produse militare, matrite de injectie si stante, repede plastic

Electricity production and distribution, electricity meters, power distribution equipment, railway relays, locomotive inductors, military products, injection moulds and dies, plastic items.

Production et distribution d'électricite, compteurs d'électricite, équipement de distribution électrique, relais de chemin de fer, inducteurs de locomotive, produits militaires. Moules a injection et meurt, articles en plastique

Basic technological methods / *Domenii tehnologice de baza* / *Principales technologies:*

Linii automate plantare componente, prelucrare CNC, electroeroziune, prelucrari clasice, prelucrari tabla, injectie mase plastice.

Automatic pcb assembly lines, CNC machining, electroerosion, classical machining, metal sheet progressing, plastic injection

Ligne automatique pour la platation d'elements PCB, usinage CNC, electroerosions, usinage, conventinonnel, usinage del a tole, injection materiel plastique
