

UAMT

S.A. S.R.L.

Founded in: 1951

Capital (in €): 2 986 300 Euros

Private ownership: 100%

Foreign participation: 0%

Joint Venture: -

Employees: 394

Turnover 2009 (in €): 20 342 954 Euros

Export Percentage: 18%

Export to: FRANTA,
BRAZILIA,
GERMANIA,
RUSIA, IRAN

Annual Automotive Turnover: 95%

Quality system: ISO 9001 &
ISO 16949

Address: Str. Uzinelor, Nr. 8
Oradea 410605

Phone: 00 40 259 451 026

Fax: 00 40 259 462 066

Managing Director: Horia STANCIU
horia.adrian.stanciu@uamt.ro

Economical Director: Dorina MATE
dorina.mate@groupamt.eu

Technical Director: Nicolae RADU
nicolae.radu@groupamt.eu

Products for automotive / Produse pentru automobile / Produits pour automobiles:

Subansamble pentru uși și capote: broaște manuale și electrice; macarale de ridicat geam manuale și electrice; mecanisme deschidere uși, din exterior/interior; tije comanda deschidere; limitator deschidere; închizătoare iale uși și capote; frana de mana, ansamblu pedalier, cabluri, tije susținere; sisteme de ștergere parbriz: mecanisme antrenare, brațe ștergător, raclete; sisteme spălare parbriz și faruri; retrovizoare exterioare, acționate manual/electric; proiectare SDV-uri/produs/proces; analize și încercări de laborator;

Parts for doors and panels, yales (manual and electric), window glass lifting device (manual and electrical), door opening device (inside or outside), parking brake, pedal assembly opening command devices, opening limiting devices, door and panels locking devices, system command exterior parts: windscreen wipers systems (mechanisms, parts, wipers, rubber bands), windshield and lamps cleaning systems, driving mirrors (exterior and interior) with manual or electrical command, SDV design

Sous-ensembles pour les portes et les capots: serrures (mécaniques et électriques), lève- vitres (mécaniques et électriques), mécanismes d'ouverture des portes, tiges commande ouverture, limiteurs ouverture, serrures pour portes et capotes, tiges de soutien; : essuie pare-brise, (mécanismes, lamelles essuie, racleurs) systèmes lavage pare-brise et phares, rétroviseurs extérieurs (actionnement manuelle et électronique), conception des outils, analyses et essais en laboratoire, matrices (injection en plastique, coulage sous pression, vulcanisation caoutchouc), estampes, dispositifs d'assemblage

Other products / Alte produse fabricate / Autres produits:

SDV-uri, linii de asamblare produse/conceptie si dezvoltarea produs-proces teste si analize de laborator,

Tools, assembly lines /design &development products – processes laboratory tests and analysis

Outillages, chaines d'assemblage / conceptions & developpement, analyses et essais laboratoire,

Basic technological methods / Domenii tehnologice de baza / Principales technologies:

Injectare mase plastice, prelucrari prin presare la rece, vopsire in camp electrostatic, acoperiri electrochimice, prelucrari prin electroeroziune, indoire 3D cu masina CNC, prelucrari prin aschiere, tratamente termice, sudura(cu roboti)

Plastic injection molding, stamping-cold pressing, painting in electrostatic field, electrochemical plantings, electro-erosion progressing 3D bending machining, hardening treatment, weelding (whit robots)

Injections des pieces en platique, emboutissage-pressage a froid, peinture en champ electrostatique, recouvrements electrochimiques, usinage par electro-erosion, cintrage 3D du fil, usinage, traitement thermique, soudage (avec des robots)
